AEGON-CNOOC expands further into China with Zhejiang license

Continuing its expansion throughout China's densely-populated and fast-growing coastal provinces, AEGON-CNOOC Life Insurance Company Ltd., has received a license from the China Insurance Regulatory Commission (CIRC) to begin life insurance activities in the country's eastern Zhejiang province.

AEGON entered into a partnership with the Chinese National Offshore Oil Corporation (CNOOC) in 2002 to establish a 50/50 life insurance joint venture in Shanghai. Since then, the partners have expanded into businesses in Beijing and throughout the prosperous coastal provinces of Jiangsu and Shandong. The regions of China where AEGON-CNOOC is now active include a population of more than 200 million people.

The Zhejiang insurance sector has shown strong growth in recent years. In 2006, the province generated total life insurance premiums of approximately RMB 23 billion^{*)} (EUR 2.2 billion), an increase of 12% compared with 2005. The AEGON-CNOOC Zhejiang branch will offer a comprehensive range of life, accident and health products through a broad range of distribution channels, including banks, tied agents, brokers and direct marketing.

"China represents one of AEGON's key growth markets, given the significant potential in the coming years for life insurance and related products", said AEGON's Chairman and CEO Donald J. Shepard. "In the last couple of years, AEGON-CNOOC has been able to gain access to promising new provinces in China and to develop a solid platform for further expansion. We welcome this opportunity to continue our expansion strategy to serve the developing needs of the citizens of Zhejiang".

Actual results may differ materially from expectations conveyed in forward-looking statements due to changes caused by various risks and uncertainties. Such risks and uncertainties include but are not limited to the following:

- ◆ Changes in general economic conditions, particularly in the United States, the Netherlands and the United Kingdom;
- ◆ Changes in the performance of financial markets, including emerging markets, such as with regard to:
 - The frequency and severity of defaults by issuers in our fixed income investment portfolios; and
 - The effects of corporate bankruptcies and/or accounting restatements on the financial markets and the resulting decline in the value of equity and debt securities we hold;
- ◆ The frequency and severity of insured loss events;
- ◆ Changes affecting mortality, morbidity and other factors that may impact the profitability of our insurance products;
- ◆ Changes affecting interest rate levels and continuing low or rapidly changing interest rate levels;
- ◆ Changes affecting currency exchange rates, in particular the EUR/USD and EUR/GBP exchange rates;
- ◆ Increasing levels of competition in the United States, the Netherlands, the United Kingdom and emerging markets;
- ◆ Changes in laws and regulations, particularly those affecting our operations, the products we sell, and the attractiveness of certain products to our consumers;
- ◆ Regulatory changes relating to the insurance industry in the jurisdictions in which we operate;
- ◆ Acts of God, acts of terrorism, acts of war and pandemics;
- ◆ Changes in the policies of central banks and/or governments;
- ◆ Litigation or regulatory action that could require us to pay significant damages or change the way we do business;
- ◆ Customer responsiveness to both new products and distribution channels;
- ◆ Competitive, legal, regulatory, or tax changes that affect the distribution cost of or demand for our products;
- ◆ Our failure to achieve anticipated levels of earnings or operational efficiencies as well as other cost saving initiatives; and
- ◆ The impact our adoption of the International Financial Reporting Standards may have on our reported financial results and financial condition.
