Main distribution channels	Aegon agents, banks, brokers, direct marketing, other intermediaries and online

### Asia

In the past decades, Aegon expanded its operations in Asia, with joint ventures in China and India, and several wholly-owned subsidiaries in other countries, including TLB. In China, Aegon operates through a joint venture with Tsinghua Tongfang, named Aegon THTF Life Insurance. Since 2003, the company has established thirteen branches, which have access to a potential market of over 650 million people, primarily in the prosperous coastal provinces of eastern China. In India, Aegon operates through a joint venture company with Bennett, Coleman & Co., called Aegon Life, which follows a digitally focused direct-to-consumer strategy. This joint venture, in which Aegon holds a 49% stake, gives Aegon presence in the world's second most populated country with more than 1.3 billion people. TLB has a rich history which dates back over 115 years. The company has over 85 years of experience in Asia and is dedicated to serving affluent and high-net-worth individuals across Asia and beyond. Also, Aegon runs operations through its fintech partnership GoBear, Asia's first independent insurance and banking comparison website.

### Southern and Eastern Europe

In Southern and Eastern Europe, Aegon has operations in Hungary, Poland, Portugal, Romania, Spain and Turkey. Aegon first entered the Spanish insurance market in 1980. This was followed in 1992 by the purchase of a majority stake in Hungary's former state-owned insurance company, Állami Biztosító.

Aegon Hungary has been the springboard for our further expansion in Eastern Europe since the early 2000s. In these countries, Aegon offers a wide range of life insurance and personal protection products. Aegon Hungary is also a leading insurance company in the household market. Aegon's activities in Spain have developed largely through distribution partnerships with Spanish banks, such as Liberbank and Banco Santander. Via the latter, we are also active in Portugal.

### The markets in Asia and Southern and Eastern Europe<sup>2)</sup>

Country	Life insurance premiums (in USD, 2019)	Non-life insurance premiums in USD, 2019)
China	329 billion	288 billion
