Our mission

We are active global investors. In a complex world, we think and act beyond traditional borders. We organize our teams by asset class, to bring the breadth and depth of our global research and investment capabilities together to exceed client expectations. Across the firm, we support an inclusive and diverse workforce. Across markets, we believe in the investment benefits that come from responsible investing. Whether by asset class, geography or conventional thought, we invest beyond borders.

Firm overview

Aegon Asset Management is an active global investor. Our 380 investment professionals manage and advise on assets of €363.6 billion (as of June 30, 2020) for a global client-base of pension plans, public funds, insurance companies, banks, wealth managers, family offices, individual investors and foundations. We organize our investment capabilities around four focused investment platforms where we have deep asset-class expertise: fixed income, real assets, equities, and multi-asset & solutions. Each platform has dedicated teams, organized globally and committed to maximizing client benefit from their specialist areas. These platforms are supported by teams dedicated to responsible investing and multi-management. By organizing our investment teams globally, we harness our expertise and research resources across regional boundaries. We believe this enhances our performance potential and generates better investment outcomes for clients.

Across platforms, we share a common belief in fundamental, research-driven active management, underpinned by effective risk management and a commitment to responsible investment. Our investment platforms have the flexibility to organize their resources and processes to best suit their area of focus.

Strategic partnerships

A responsible investor

Aegon Asset Management is a global leader in responsible investing.

We believe responsible investment practices can generate value over the long term. Consideration of Environmental, Social and Governance (ESG) factors is a core element of our investment analysis and decision-making process as well as our stewardship activities.

Our 14-strong Global Responsible Investment teams supports ESG integration by our research and investment teams, leads our active ownership activities, develops innovative products and promotes responsible investing best practice across the organization.

Through our comprehensive responsible investment activities, we aspire to help our clients pursue better long-term outcomes while contributing to sustainable capital markets and impactful economic activities.

As active investors with responsible investing roots dating back over 30 years, we developed a robust responsible investment program consisting of three pillars:

ESG integration

Incorporating ESG factors into the investment decision-making across our investment platforms to mitigate risk and uncover opportunities.

Active ownership

Addressing sustainability issues by exercising shareholder rights and actively engaging with issuers and investee companies.

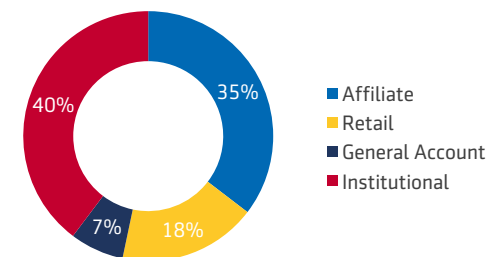

ESG solutions

Providing products that go beyond integration and active ownership, ranging from strategies applying exclusions based on client preferences to best-in-class, sustainability-themed and impact investments.
