### 3.2 Annual Accounts 2011: Proposal to adopt the Annual Accounts 2011

It is proposed that shareholders adopt the Annual Accounts for the year 2011.

### 4. Proposal to approve the dividend 2011

AEGON's current dividend policy was explained and discussed in the 2011 AGM. AEGON N.V. aims to pay an attractive and sustainable dividend to allow equity investors to share in the performance of the company. Dividend can grow over time if performance of the company so allows. After investment in new business to generate organic growth, capital generation in AEGON's operating subsidiaries is available for distribution to AEGON N.V., while maintaining a capital and liquidity position in line with AEGON's capital management and liquidity risk policies. When deciding to propose a dividend, AEGON has to balance prudence versus offering an attractive return to shareholders, for example in adverse economic and/or financial market conditions.

It is proposed that the final dividend for 2011 will amount to EUR 0.10 per common share related to the second half of 2011. The final dividend will be paid in cash or stocks at the election of the shareholder. The value of the stock dividend will be approximately equal to the cash dividend.

If the proposed dividend is approved by the shareholders, AEGON shares will be quoted ex-dividend on Friday, May 18, 2012. The record date for the dividend will be Tuesday, May 22, 2012. Shareholders can elect to receive the dividend in cash or in shares during the election period from Wednesday, May 23 up to and including Friday June 8, 2012. The stock fraction for the stock dividend will be based on the average price for the AEGON share on the Euronext Amsterdam stock exchange for the five trading days from June 4 through June 8, 2012. The dividend will be payable as of June 15, 2012.

**5. Proposal to release the members of the Executive Board from liability for their duties**

## 12. Proposal to authorize the Executive Board to issue common shares

It is proposed that the following Resolution be taken:

“The General Meeting of Shareholders hereby resolves to authorize the Executive Board, for a period of eighteen (18) months starting May 16, 2012, as the company body which, subject to the prior approval of the Supervisory Board, shall be authorized to decide on the issuance of common shares in the company and the granting of rights to acquire common shares in the company. This authority shall be limited annually to 10% of the capital, plus 10% of the capital if the issuance or the granting of rights occurs on the occasion of the acquisition of an enterprise or a corporation. The term ‘capital’ means the total par value of common shares in issue at the time this authorization is used for the first time in any calendar year. This authorization may only be withdrawn by the General Meeting of Shareholders on a proposal of the Executive Board, previously approved by the Supervisory Board.”

### Explanation:

In accordance with Dutch law, it is proposed that shareholders authorize the Executive Board to decide on an issuance of AEGON N.V. common shares, subject to Supervisory Board approval. This will allow the Executive Board to be flexible and to react quickly to circumstances necessitating an issue of common shares, without having to wait for shareholders’ approval. This authorization can be used for any and all purposes other than for incentive plans and is limited to the extent expressly provided in the text of this proposed Resolution. Issuances of common shares are publicly announced by press release and on the company’s website, [www.aegon.com](http://www.aegon.com). Upon adoption, this Resolution will replace the authorization granted in 2011.

## 13. Proposal to authorize the Executive Board to restrict or exclude pre-emptive rights upon issuing common shares

It is proposed that the following Resolution be taken:

“The General Meeting of Shareholders hereby resolves to authorize the Executive Board, for a period of eighteen (18) months starting May 16, 2012, as the company body which, subject to the prior approval of the Supervisory Board, shall be authorized to restrict or exclude pre-emptive rights of existing shareholders upon the issuance of common shares or the granting of rights to subscribe for common shares in the company, provided that this shall be limited annually to 10% of the capital, plus 10% of the capital if the issuance occurs on the occasion of the acquisition of an enterprise or a corporation. The term ‘capital’ means the total par value of the common shares in issue at the time this authorization is used for the first time in any calendar year. This authorization may only be withdrawn by the General Meeting of Shareholders on a proposal of the Executive Board, previously approved by the Supervisory Board.”

### Explanation:

In accordance with Dutch law, it is proposed that shareholders authorize the Executive Board to restrict or exclude pre-emptive rights of existing shareholders upon an issue of AEGON N.V. common shares (or upon the granting of rights to subscribe for AEGON N.V. common shares), subject to Supervisory Board approval. This authority, in combination with the authority under agenda item 12, will allow the Executive Board to be flexible and to react quickly to circumstances necessitating an issue of common shares without or with limited pre-emptive rights, without having to wait for shareholders’ approval. This authorization is limited to the extent expressly provided in the text of this proposed Resolution. Issuances of common shares are publicly announced by press release and on the company’s website, [www.aegon.com](http://www.aegon.com). Upon adoption, this Resolution will replace the authorization granted in 2011.

**14. Proposal to authorize the Executive Board to issue common shares under incentive plans**

It is proposed that the following Resolution be taken:

“The General Meeting of Shareholders resolves to authorize the Executive Board, for a period of eighteen (18) months starting May 16, 2012, to issue common shares and/or to grant rights to subscribe for common shares to employees and/or management of AEGON N.V. and/or companies with which AEGON N.V. forms a group, based on a group-wide incentive plan or the Remuneration Policy for the Executive Board. This authorization shall be limited annually to 1% of the total nominal amount of the common shares in issue at the time that this authorization is used for the first time in any calendar year. This authorization may only be withdrawn by the General Meeting of Shareholders on a proposal of the Executive Board, previously approved by the Supervisory Board.”

**Explanation:**

This authorization is identical to the one granted in previous years. Within AEGON the variable compensation for senior management and for the members of the Executive Board is paid out in cash and/or shares over multiple years and is subject to further conditions being fulfilled. This authorization includes the shares to be granted to the members of the Executive Board, based on the Remuneration Policy for the Executive Board, as adopted in the 2011 AGM. Upon adoption, this Resolution will replace the authorization granted in 2011.

**15. Proposal to authorize the Executive Board to acquire shares in the company**

It is proposed that the following Resolution be taken:

“The General Meeting of Shareholders resolves to authorize the Executive Board for a period of eighteen (18) months starting May 16, 2012, to acquire, for a consideration, shares in AEGON’s own capital. The number of shares that may be so acquired shall not exceed 10% of AEGON’s total issued capital. Common shares may only be acquired at a price not higher than 10% above the quoted local market price immediately prior to the acquisition. Preferred shares may only be acquired at a price not higher than 10% above the average paid-in amount on the preferred shares being acquired, to be increased with dividend accrued but not yet paid at the time of the acquisition.”

**Explanation:**

This authorization is identical to the one granted in previous years. Although according to Dutch law and the Articles of Association of the company a repurchase of common and/or preferred shares for a consideration is possible in such a way that the aggregate par value of the shares AEGON acquires, holds, holds as collateral or held by a subsidiary, may not exceed 50% of AEGON’s total issued capital, it is proposed to limit this authorization to 10% of AEGON’s total issued capital. This authorization will allow the Executive Board to be flexible and to react quickly to circumstances necessitating a repurchase of AEGON N.V. shares and can be used for any and all purposes. Upon adoption, this Resolution will replace the authorization granted in 2011.
